

PRODUCT INFORMATION SHEET

Product Name: DOT 4 BRAKE FLUID

PRODUCT

Bimrose Dot 4 Disc Brake and Clutch Fluid is a special blend of glycol ethers, corrosion inhibitors and fluid modifiers designed to meet the needs of braking systems, including drum, disc and ABS, which are used in all types of vehicles including cars, trucks, buses and coaches operating under heavy duty conditions. The fluid has a high boiling point, low moisture absorption and is compatible with all metals and seals typically used in braking systems. An additional feature is its ability to sustain high vapour lock temperatures throughout its service life.

APPLICATION

Formulated for automotive drum brake systems, disc brake systems, ABS brake systems and hydraulically actuated clutch systems.

STANDARDS

Meets or exceeds the following:

- AS/NZS.2960.1-1995 Dot 4/ Grade 3.
- SAE. J.1703, June 91.
- FMVSS No.571-116
- ISO.4925.

CONTAINER SIZES

200 Litres,

20 Litres,

5 Litres

500ml
