

PRODUCT INFORMATION SHEET

Product Name: UNIVERSAL TRACTOR OIL

PRODUCT

Bimrose Universal Tractor Oil is designed for use in engine crankcases and transmissions, including wet brakes and hydraulics. It is a low phosphorous oil especially blended to give the highest level engine, gear and anti-squawk performance.

Viscosity Typical 13.0 cSt @ 100°C

APPLICATION

Recommended for use in the crankcase of diesel and four stroke petrol engines, hydraulics, transmissions, final drives (API GL4 or less severe applications), wet brakes, power take-offs, hydrostatics and power steerings.

STANDARDS

Meets or exceeds the following:

SAE:	20W40	
API:	CF4 CF CE SF	ACEA E2
Caterpillar:	TO-2	Ford M2C159B
John Deere:	JDM J27	Massey Ferguson: M1139, M1144, M1145
Daimler Benz:	Sheet 227.1, 228.1, 228.3	
API:	GL4 (Gear Oil)	ZF: TE-ML06B, 06C O6D and 07B
Allison: C-4		MAN 271
MIL-L-2104D		

CONTAINER SIZES

205 Litres, 20 Litres,
