

PRODUCT INFORMATION SHEET

Product Name: FULL SYNTHETIC 5W40

PRODUCT

Bimrose Full Synthetic 5W40 is a fully synthetic motor oil which uses the latest additive technology to provide significantly better performance in late model petrol and diesel engines. It is suitable for naturally aspirated and turbocharged motors. It ensures better rust and corrosion protection, less oil oxidation and superior deposit control and wear protection. This product is particularly recommended where the manufacturer requires the use of lower viscosity multigrade oil or where vehicles encounter lower temperature operation, providing superior component protection at cold start-up.

Viscosity

Typical 14.3 cSt @ 100°C

APPLICATION

This oil is designed for late model 4 stroke petrol engines, particularly multi-valve, multi-cam models requiring a low viscosity oil for fuel economy, low emissions and high performance. Syntegra 5W40 is also suitable for modern car and SUV diesels and for four stroke motorcycles fitted with wet clutches. It has been formulated for applications where 5W30 to 10W40 engine oils are specified.

STANDARDS

Meets or exceeds the following:

SAE Grade: 5W40

API: SM, SN, CF

ACEA: C2- 10, C3 -10 (2010)

MB 229.51

VW 505 00, 505 01, 502 00

BMW Longlife 4

Porsche

PSA B712290

CONTAINER SIZES

205 Litres,

20 Litres,

5 Litres.
