

PRODUCT INFORMATION SHEET

**Product Name: INDUSTRIAL GEAR OIL SERIES
ISO 150, 220, 320,**

PRODUCT

Industrial , 150, 220, 320, are industrial gear oils that are blended from high quality virgin oil stocks together with the finest gear oil additives. They have outstanding thermal stability and provide excellent protection against corrosion. The high quality base oils provide excellent oxidation resistance resulting in extended oil life and reduced oil consumption.

Grade	150	220	320
Viscosity (Typical cSt @ 40°C)	150	220	320
Viscosity (Typical cSt @ 100°C)	15.4	20.0	25.4

APPLICATION

Intec Industrial Gear Oils are suitable for a wide range of applications in industry and mining where a mild EP gear oil is specified.

STANDARDS

Meets or exceeds the following:

US Steel: 224
AGMA: 250.04
Cincinnati Milacron.

CONTAINER SIZES

205 Litres, 20 Litres
