

PRODUCT DATA SHEET

FULL SYNTHETIC 50 GL5 (GEAR & TRANSMISSION)

DESCRIPTION

Full Synthetic 50 GL5 is a sophisticated, fully synthetic transmission oil that has been developed for use in Road Ranger transmissions and for automotive and industrial applications where extreme pressure properties are not required. The extremely high viscosity index and very low pour point provide a highly adhesive film to allow superior protection to gear teeth and bearings against wear.

Viscosity Typical 19.4 cSt @ 100oC

APPLICATION

Full Synthetic 50 GL5 can also be used where manufacturers' recommendation is for API GL-1 gear oil. It can also be used to lubricate various manual transmissions, spiral bevel axle assemblies and worm gear drives on commercial, farm and truck equipment.

STANDARDS

Meets or exceeds the following:

SAE Grade: 50

API: MT-1, GL1

Eaton PS-386, PS-164 Rev 7, Roadranger® extended drain

International TMS 6816

Mack Truck TO-A Plus

Meritor O-81 (Publication TP-90014)

ZF Freedomline

Spicer Transmission Extended Drain

Dana synchronized and non-synchronized transmissions

CONTAINER SIZES

205 Litres, 20 Litres, 5 Litres
